

The World Leader
In Data Destruction

DATA ELIMINATOR

HD-3XTL High-Volume Degausser

3-Second Degausser

Fast, high-volume, workhorse. In only 3 seconds, the HD-3XTL degausser, with 10,000 gauss, will completely erase all data from any hard drive or tape that fits into its oversized media slot.

Why it's so FAST:

1. Inserting the media into the media slot automatically initiates the degauss cycle.
2. Three seconds later, the media is degaussed.
3. Saving precious time, *pre-charging* begins immediately as the degaussed media is released down the slide.
4. Turning off the HD-3XTL releases any pre-charged energy for safe storage.

Regulatory Compliance

The HD-3XTL will help you satisfy the most stringent government and industry standards requiring complete erasure of sensitive data prior to disposal, including:

- **CCPA** (California Consumer Privacy Act)
- **DoD** Up to Secret Classification
- **GDPR** (General Data Protection Regulation)
- **GLBA** (Gramm-Leach-Bliley Act)
- **HIPAA** (Health Information Portability and Accountability Act)
- **IRS 1075**
- **NIST SP 800-88r1**
- **PCI DSS 3.2** (Payment Card Industry Data Security Standard)
- **PIPEDA** (Personal Information Protection and Electronic Documents Act)
- **TAA** compliant

Features and Benefits

- » Erases up to 4,500 (1.8 in* or 2.5* in) and 450 standard and full height hard drives per hour
- » Generates 10,000+ gauss (1 tesla) magnetic field for complete erasure of hard drives and tape
- » Complete data erasure in 3 seconds
- » Continuous duty — no cool down between cycles required
- » Plugs into a standard wall outlet worldwide

* Bundled stacks

Safety Certifications

Garner's products are independently tested to stringent worldwide safety standards. Our resulting certifications and listings identify Garner products as safe to operate in data centers, hospitals, offices, and other sensitive environments around the world.

Garner's products are: ETL Listed • UL, IEC, CSA and CE certified • FCC compliant.
