

The World Leader  
In Data Elimination

# PD-5

NSA Listed Hard Drive Destroyer

## NSA Listed Destroyer

The NSA Listed PD-5 physically destroys hard drives by bending, breaking, and mangling the hard drive and its internal components including the data platters. Using a rugged, stainless-steel crushing wedge, the PD-5 bends the data platters, preventing the hard drive from "spinning up" or the hard disk platters from being removed and placed on a spin stand used in laboratory data recovery techniques. The PD-5 also cracks the hard-drive housing, breaks the PC board, and smashes the read-write heads.

It is recommended that hard drives first be degaussed before being physically destroyed to ensure all data is irretrievable.

## Regulatory Compliance

The PD-5 NSA Listed destroyer helps satisfy the most stringent government and industry standards requiring destruction of sensitive data prior to disposal, including:

- **NSA/CSS SDDM 9-12**
- **CCPA** (California Consumer Privacy Act)
- **DoD** Emergency Destruction Guidelines
- **GDPR** (General Data Protection Regulation)
- **GLBA** (Gramm-Leach-Bliley Act)
- **HIPAA** (Health Information Portability and Accountability Act)
- **NIST SP 800-88r1**
- **PCI DSS 3.2** (Payment Card Industry Data Security Standard)
- **PIPEDA** (Personal Information Protection and Electronic Compliant Documents Act)
- **TAA**

*\*Shown with optional SSD-1 solid-state destroyer*

## Features and Benefits

- » Listed on the NSA Evaluated Products List for hard drive destruction
- » 10+ tons of force bends, breaks, and mangles hard drives, including data platters and other internal components, preventing data recovery.
- » Destroys up to 1,800 (2.5 in.) and 360 (3.5 in.) hard drives per hour
- » Destroys solid-state media, flash drives, USB thumb drives, mobile phones, and SSHD controller boards when used with optional patented SSD-1
- » Destruction report capable when used with IRONCLAD or SCAN-1X
- » Total destruction in under 20 seconds
- » Robust crush chamber stands up to enterprise use
- » Quiet, office friendly design
- » **Garner's PD-5 is:** ETL Listed • UL, IEC, CSA, CE, KC and RCM certified

## SSD-1 Solid-State Destruction

Add the SSD-1. Ninety spikes puncture, perforate, waffle and demolish individual memory chips on solid-state media, thumb drives, mobile phones, and SSHDs preventing data retrieval.
